## SKILLS

---

**Programming Languages:** C#, Python, JavaScript/TypeScript, Handlebars, HTML, CSS, PostgreSQL, Bash, Kotlin  
**Tools:** Git/GitHub, Visual Studio, Visual Studio Code, PyCharm, Jira, PowerShell  
**Soft Skills:** Communication, Adaptability, Time management, Teamwork  
**Spoken and Written Languages:** English and French  
**Other:** OOP, Data structures, Databases, Agile, CI/CD, REST API, Node.js

## EDUCATION

---

**Computer Science DEC** August 2022 - May 2025  
*John Abbott College - Sainte-Anne-de-Bellevue, QC*

- Additional courses: Calculus I, II and Linear Algebra.

## PROJECTS

---

**Apex Stats Tracker** | *Typescript, Handlebars, Mermaid, HTML, CSS* April 2024 - May 2024

- Overview:** Developed a RESTful API-based application using PostgreSQL to track and display detailed statistics for the battle royale "Apex Legends".
- Implements 10+ API routes.

**Bell Geekfest - 2FA** | *JavaScript, HTML, CSS* October 2023

- Overview:** Created a two factor authentication website that uses pattern recognition instead of the typical pin code. This helps people who have issues with memorizing codes.
- Learnt how to manage and resolve merge conflicts while working in a small team of developers.

## EXPERIENCE

---

**Line Cook/Prep Cook** May 2022 - Present  
*Zibo! - 3206 Bd de la Gare, Vaudreuil-Dorion, QC*

- Team building/communication skills.
- Working under pressure and time constraints.

**Line Cook/Prep Cook** June 2021 - Mar. 2022  
*Boston Pizza - 52 Bd de la Cité-des-Jeunes, Vaudreuil-Dorion, QC*

- Quickly learnt new set of skills to be applied right away.

**Soccer Referee** March 2019 - October 2020  
*Fc Trois Lacs - 190 Av. Saint-Charles, Vaudreuil-Dorion, QC*

- Lead a small team of 3 where I had to have the final say in decisions.
- Learnt independent autonomy.
- Memorized and enforced the rules of the game.

## EVENTS

---

**NorthSec Cybersecurity Conference** May 2024

- Competed in the NorthSec CTF, a high-stakes cybersecurity challenge with over 200 teams. Engaged in solving complex security puzzles and vulnerabilities.

**Bell Geekfest** October 2023

- Bell Geekfest is a Hackathon hosted by Bell with the goal of bringing together College students from all around Montreal.
